

# Outbound Telesales

We are currently looking for dynamic, enthusiastic individuals to join our telesales team, selling the benefits of the Infotel partnership to hotels in the UK.

This is an exciting partnership with almost 3000 hotels partners receiving bookings through our state of the art contact centre and a dynamic brochure page on [infotel.co.uk](http://infotel.co.uk) which attracts over 10,000 visitors per day.

If you have telesales experience in a cold calling environment this could be the opportunity for you. You need to be self-managing, outgoing and have a drive to succeed. This is not a job for the faint hearted, which is reflected in the rewards. It is, however, an exciting prospect for applicants who have a proven track record in telesales and the desire to work for a developing organisation.

Excellent starting salary plus fantastic commission and bonus structure.
